REMARKS

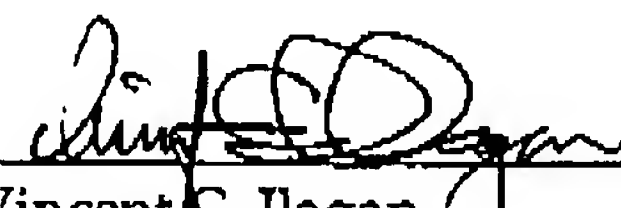

Claims 4, 5, and 8-21 are pending in the application. By this Amendment, claim 19 has been amended to overcome the indefiniteness rejection, as discussed in the telephone conversation with the Examiner. Also, dependent claims 22 and 23 have been added to recite that, in one embodiment, the flashlight mounting apparatus is rotatable about two separate axes. These limitations are fully disclosed in the originally filed application, namely Figures 8B and 8C and paragraph 49.

In addition, the new sheet, the annotated sheet, and the replacement sheet of drawings are submitted herewith as they were not filed with the previous Amendment. Also, the specification has been amended to include a brief description of the newly added Figure 9.

The Applicants appreciate the Examiner for her assistance in the prosecution of this application.

It is therefore respectfully submitted that claims 4, 5, and 8-23 are allowable. The Examiner is invited to telephone the Applicant's undersigned attorney at (248) 223-9500, if any unresolved matters remain.

Respectfully submitted,
ARTZ & ARTZ, P.C.
